Your Halal Brand Must Stand for Something

One of the most important things in a Muslim's life is not going about business as usual while being ignorant of his or her Creator's rules and regulations. This is true for all his or her actions, including the business they run, and that would include how he or she advertises and promotes his or her products or services.

Your Muslim Business Values

Your halal brand or Muslim business must have values and stand by those values. Your communication must be clear and you must be steadfast.

Your stance will not please every single Muslim consumer.

However, if you believe it is right in the eyes of your Creator and for the betterment of the Muslim ummah (community/nation) then stick to it.

O, my dear son! Establish prayer, encourage what is good and forbid what is evil, and endure patiently whatever befalls you. Surely this is a resolve to aspire to.
